Heroes

SONIC THE HEDGEHOG

Sonic's the *fastest* thing on planet Mobius, and leads a gang of Freedom Fighters. There's nothing he loves more than danger and excitement – and there's always plenty of both when he's battling the evil Dr Robotnik!

KNUCKLES

Knuckles is the last of an ancient race of Echidnas (spiny anteaters) who created the Floating Island centuries ago. Now, Knuckles safeguards the Chaos Emeralds which keep the Floating Island aloft!

TAILS

Miles "Tails" Prower is a Fox with a difference – by spinning his two tails, he can fly! Tails has an innocent and optimistic view of life – even when he's being chased by badniks!

Villains

DR ROBOTNIK

Once a kindly scientist, Dr Kintobor was transformed into the evil Dr Robotnik when an experiment went horribly wrong. Now, Dr Robotnik is power-mad, and will stop at nothing to seize total control of the planet!

GRIMER

Robotnik's cowardly sidekick Grimer is a slimy weakling who only cares about one thing – saving his own skin!

AMY, I'M PICKING UP REALLY WACKY READINGS FROM THE STAR POST!

IF I'M RIGHT, WE MAY HAVE SENT ALL THE EMERALD ENERGY INTO THE SPECIAL ZONE*... WHAT I'M TRYING TO SAY, IS THAT SUPER SONIC MAY STILL BE ALIVE IN THERE!

TAILS OF THE BRAVE

Dear Sonic,
I am Tails' biggest fan and I think he is really brave. For example, in issue 158, when he saved Jimmy and Jilly, that was great. So I say, what have you got that Tails hasn't?
John Erskine, Ross-shire.

A movie named after me for a start!

PHOTO ZONE

Dear Sonic,
My sister Lara and I both love Sonic the Comic. We are sending you a photo of us with some of our Sonic stuff.
Alexander Crowley, Herts.

Trust Robotnik to get himself into the picture!

WIZARD WARNING

Dear Sonic,
Beware! I have heard rumours about a new baddie by the name of "Stan the Steel Wizard". He is small but strong. His attacks are "steel kick" and "iron punch". His special attack is "Metalikrate" This is when he shoots liquid metal at you and turns you into metal!
Luke Dinster, West Midlands.

This heavy metal dude sounds dangerous! If he tries to visit Mobius I'll bounce him right back where he came from!

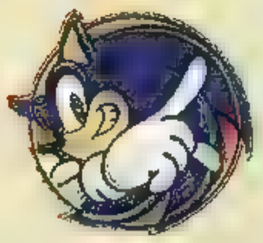
BLAST WARNING

Dear Sonic,
I am warning you that Dr. Robotnik has built an unstoppable robot called BLASTER who lives on a mountaintop. Unfortunately, you will have to take off your gloves to climb the mountain. When you reach the top you will have to neutralise Blaster to access the computer so you can get to Robotnik's laboratory.
Nathan Buckley, England.

Ain't no mountain high enough to stop me, Nathan!

MOVIE QUEST

Dear Sonic,
I have been looking for Sonic the Movie on video but I can't seem to find it. Do you know where I can get it?
Michael Archer, London.



Sonic the Movie can be purchased online from www.blackstar.co.uk (price £15.99). Alternatively, your local video store should be able to order it for you.
